Subject: Cron <root@watchman> test -x /usr/sbin/anacron || (cd / && run-parts --report /etc/cron.daily)

/etc/cron.daily/logrotate:

[] mysqladmin: connect to server at 'localhost' failed

error: 'Can't connect to local MySQL server through socket '/var/run/mysqld/mysqld.sock' (2 "No such file or directory")'

Check that mysqld is running and that the socket: '/var/run/mysqld/mysqld.sock' exists!

error: error running shared postrotate script for '/var/log/mysql/mysql.log /var/log/mysql/mysql-slow.log

/var/log/mysql/mariadb-slow.log /var/log/mysql/error.log '

run-parts: /etc/cron.daily/logrotate exited with return code 1
